COMPANY OF AMERICAN SOLDIERS REBEL WHEN ORDERED TO THE FRONT

Trouble Quickly Disappears When Regimental Commander Addresses Them

INCIDENT ON RUSS FRONT

Troops Contended They Were Drafted to Fight Against Germany

Commander Informed Them They Were Fighting a Defensive Battle

(By Associated Press)

Archangel, April 8. — A company of American troops recently showed some hesitation in returning to the fighting front, declaring the war with Germany was over and that the United States was not at war with the Bolsheviks.

The regimental commander in a speech said they were fighting a desperate defensive battle and appealed to them to stick it out. The company then left for the front.

The situation arose when the company had ended a brief rest period at Archangel. The officers were informed the men did not want to go back to the front. They asked to have their arguments answered.

The men contended they were drafted men, conscripted for the war with Germany which was finished; that America was not at war with the Bolsheviks; that the entire Bolshevik question was the subject of much political debate and incision in the United States and that so far as they were concerned they could not see why they should fight longer.

MORALE WANING

This incident was only the outcropping of what seems to be the general feeling among the American troops, officers as well as men. Because of this feeling it is admitted more or less generally that troops now here probably will be of little use after June 1st.

In official circles here it is said there is no disposition seriously to blame the troops for this condition. On their arrival here last fall the Americans were keen for fighting the Bolsheviks whom they had been told were German agents.

They have fought bravely throughout the campaign and are still doing so. Since the signing of the armistice the soldiers have been subjected to Bolshevik propaganda, and this with their desire to return home and the hardships and loneliness of the Arctic winter has caused them to lose their spirits.

HUN LINERS ON WAY WITH YANKS OTHERS LOADING

Three of Twelve Liners Carry 5,000 American Soldiers Homeward

Entire Fleet Ready in Near Future

(By Associated Press)

Washington, April 10.—Three of the 12 German liners for the United States have left Brest with 5,000 officers and men of the American forces.

Several others of the 12 vessels are now loading troops at French ports and the entire fleet is expected to be in service shortly.

LEADS REVOLUTION

General Blanquet

General Aurelio Blanquet, Minister of War under Victoriano Huerta and later Vice-President of Mexico, is leading a revolution against the Carranza Government, according to reports received here. He has landed near Vera Cruz with a staff of old Federal officers, and has joined forces with Felix Diaz. He will serve as second in command of the revolutionary forces. General Blanquet is seventy years old. He has been living in New York for the past four years, having quit Mexico with Huerta after the overthrow of the latter's government.

POSTHUMOUS AWARD

FOR LAST HEROIC ACT

Washington, April 10.—(Associated Press)—Posthumous award of the Distinguished Service Cross to Private Geo. W. Budde, Fifth Regiment, Marines, announced by the War Department today disclosed what is believed to be the final act of heroism in battle in France.

Budde, whose home was Cincinnati, was killed November 11, apparently after general fighting had stopped. Upon his own initiative he advanced in front of the line to determine whether a machine gun was hostile or friendly, and was killed.

2500 RETURNING SOLDIERS GIVEN ROYAL WELCOME

Great Multitude Extends Greeting to Ohioans at Cleveland 5000 Uniformed Men in Line During Parade

(By Associated Press)

Cleveland, O., April 10.—Amid ringing of bells, shrieks of whistles and exploding bombs and the cheers from a multitude of people, 2500 returning Ohio soldiers, members of the 145th Infantry and 112th engineers were greeted here today.

The veterans of war marched in battle array over flag-bedecked streets. More than 5,000 uniformed men were in line and it was the largest strictly military parade here since America entered the war.

Members of the G. A. R. and veterans of foreign wars and bands formed the escort.

The 145th goes tonight to Zanesville and the 112th to Columbus where they will parade tomorrow.

SEEK RELEASE OF LEADER WHO IS IMPRISONED

Soviets Demanding Release and National Government Refuses

(By Associated Press)

Berlin, April 10.—The resolution adopted at the opening session of the Soviet congress here Tuesday night demanding the release of the independent socialist leader, George Ledebour, has placed the Prussian and national government in an awkward predicament for they oppose the release.

The demand was based on the fact that Ledebour had been elected to the congress and should be permitted to exercise his duties.

STILL IN CUSTODY

(By Associated Press)

Copenhagen, April 10.—The release of George Ledebour which had been demanded, has been refused, a late dispatch from Berlin says.

TROOPS STORM PALACE

(By Associated Press)

Copenhagen, April 10.—Dispatches received here say the citizens and officials of Wuerzburg, have struck against the Bavarian Soviet republic and the town now is in the hands of government troops.

Heavy fighting against Spartacan forces occurred when government troops stormed the royal palace and captured the railway station but the fortress of Marienberg was handed over without opposition. Most of the Spartacan leaders were arrested.

ITALIAN PRINCE IS ACCOMPANYING THE 332ND HOME

Italian Government Pays Unusual Tribute to Yank Fighters

Prince Will be with Boys Until Mustered Out

(By Associated Press)

Cleveland, O., April 10.—A Washington dispatch today says the Italian government will honor the 332nd regiment by sending its representatives to attend the parades to be given in New York and Cleveland.

An Italian Prince, Lieutenant Frasso de Dentice, is accompanying the regiment from Italy it was made known today. He will attend the home-coming celebration here and will accompany the regiment to Camp Sherman to witness its demobilization.

SPAIN RENEWING CLAIMS FOR GIBRALTAR AT CONFERENCE

"Gibraltar"

Gibraltar, gateway to the Mediterranean, is the latest factor to be considered at the Paris Peace Conference. Spain has renewed her claims to ownership of the "Rock" at the conference. Gibraltar is now held by the British. The rock towers 1,396 feet above the sea and contains many galleries and rooms cut out of the solid rock. It was taken from Spain by conquest in 1704. It marks the southern extremity of Spain and is separated from the Spanish mainland by a strip of sand covered by water at high tide known as "neutral ground." There is a thriving little village on Gibraltar.

PRaised BY QUEEN

Mrs. Charles Beatty

Mrs. Charles Beatty, of London, commandant in chief and founder of the British Green Cross, has received high praise from Queen Mary for her volunteer efforts during the war, according to a report from London. The Green Cross consists of several hundred volunteer women workers who serve as orderlies in military hospitals, at canteens and who have organized a special motor corps to assist wounded soldiers arriving in London.

LOYAL TROOPS IN THE CITY OF ESSEN PUT DOWN STRIKE

Government Forces Now Hold Krupp Works, is Report

Unrest Developing in Province of Saxony

(By Associated Press)

Berlin, April 10.—Government troops are reported to have entered Essen and to have occupied the Krupp plant which, according to previous reports, had been seized by the Essen strikers. The troops posted at artillery and machine guns at the entrances.

The result of the intervention by government forces was that two-thirds of the workmen resumed labor. From Saxony much unrest is reported. The communists in southwest Saxony have issued a demand that Saxony be made a Soviet republic while the metal workers at Zwickau and a large proportion of the Saxon miners have gone on strike.

Lansing Wires From Paris to California Senate

(By Associated Press)

Sacramento, Cal., April 10.—Introduction of anti-Japanese legislation in the California legislature would be extremely unfortunate at this time, said Secretary of State Lansing in a telegram to the Senate, received today.

"In view of the present situation in international affairs in Paris it would be particularly unfortunate to press such bills now.

"There are other problems which would make such action very embarrassing. I hope the Senate will consider this as the earnest plea on part of the President that no such legislation be considered at this time."

FORMER GUARD CHIEF DIES

Alliance, Ohio, April 10.—General George R. Gyger, 76 years old, died last night of tonsillitis. General Gyger served as Adjutant General of the Ohio National Guard from 1900 to 1904 and was a veteran of the Civil and Spanish-American Wars. His widow and one son, Captain Elliott Gyger, survive.

(By Associated Press)

(Washington, April 10.—President Wilson is "hammering ahead" and has made "good progress" in his negotiations in Paris, according to advices received today at the White House.

MAY NOT SUBMIT TO PLENARY SESSION

(By Associated Press)

Paris, April 10.—The publication in Paris today of a statement attributed to British sources to the effect that the terms of the peace treaty would not be presented to a plenary session of the peace conference until after they had been communicated to the German representatives caused much comment among delegates of the nations not represented on the "council of four."

The publication brought out from the American mission the statement that it was opposed to such a plan.

ALLIES AGREE ON
THE SAAR VALLEY
LENINE HAS OFFER

Paris, April 10.—(By Associated Press)—The council of four reached an agreement yesterday on the Saar Valley. The agreement leaves sovereignty over the valley unchanged, but accords to France free of duty sufficient coal for the Lorraine iron industry and to replace the production of the mines destroyed in the Lens mining district, with the privilege to the Germans of restoring the Lens mines and thus relieving the Saar Valley of that charge.

London, April 10.—(By Associated Press)—Adjournment of the House of Commons was moved Wednesday in order to call attention to an alleged offer from Nikolai Lenine, through the Americans to the peace conference Clem Edwards, Coalition Liberal, and other speakers strongly objected to any negotiations with the Bolsheviks.

Paris, April 10th.—(By Associated Press)—President Wilson left the "White House" after the meeting of the Council of Four yesterday for the first time since his illness.

With Rear Admiral Cary Grayson, his physician, he motored about town.

166TH WINS FIRST
HONORS IN SHOW

The Ohio Rainbow Revue, official publication of the 166th Infantry, issued at Oberwinter, Germany, March 5th, tells of how the regiment of Ohioans won first honors in the Rainbow Division horse show held on the muddy banks of the river Abre a few days prior to the date of publication.

In connection with the show the Revue says:
"You and I didn't do the winning. No, the credit should go where it belongs, to the muleskinners, mechanics and orderlies who kept their animals in shape and made their equipment look like new."

PERCY HAUGHTON

Percy Haughton

Percy D. Haughton, for nine years coach of the Harvard eleven recently discharged from the army, where he held a commission as major, has announced that he will not coach football teams in the future, according to a report from Boston. He gives as his reason urgent business demands. It is said that Harvard may appoint a graduate coach to supervise all major sports like the system in effect at Yale under Dr. Sharpe.

ELECTRIC SIGN IS
FIRST OF ITS KIND

The C. H. Moore Furniture Store on South Main street has completed the installation of a new "Flexilume" electric sign which is attracting much attention because of its 24-hour-day service, and the fact that the letters probably can be read at a much greater distance than the average sign, and at almost any angle, due to the construction of the glass forming the letters.

The sign is the first of its kind in the city, and because of its unusual nature and being as attractive in the day time as at night, thus doing double duty has made a general hit.

PRE-EASTER SERVICES
AT CHURCH OF CHRIST

Much interest is being manifested in the pre-Easter services which are planned to begin at the Church of Christ next Sunday. The sermons each evening will be in accord with what took place in the Savior's life on each day of the week preceding his resurrection. The subjects are as follows:

Sunday—Subject: "What Constitutes a Victorious Life?"

Monday—Subject: "The Uncompromising Life."

Tuesday—Subject: "The World's Greatest Teacher."

Wednesday—Subject: "Sunshine and Shadow."

Thursday—Subject: "The Strength of Life's Quiet Moments."

Friday—Subject: "The Significance of the Cross."

Saturday—Subject: "The Meaning of the Empty Tomb."

Sunday Evening—Special Song Service.

Special music is being arranged for each service. G. B. Dunning of Subing is planning to assist the pastor.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Washington C. H. people. Win. Devany, blacksmith, 270 Temple street, Washington C. H., says: "Whenever I have had any need of a kidney medicine, I have used Doan's Kidney Pills and I know they are just as represented. About a year ago I was troubled with an ache across my kidneys which caused me no little misery. I used Doan's Kidney Pills and in a short time, I was rid of the attack. I have had very little reason for complaint of my kidneys since."

ASKS BIG BONUS

Representative John M. Baer

Representative Baer, Independent Republican of North Dakota, in a statement at Washington recently, said he is prepared to introduce a bill in the next Congress which, if it is passed, will give all American soldiers, sailors and marines who served in the war one year's additional pay from the time of their discharge from active service, according to a report from Washington. He declared he had "indisputable evidence that an overwhelming number of discharged soldiers, especially those with dependents, are in pressing need of funds to reinstate them in civil life."

CORN PLANTING IS
TWO WEEKS DISTANT

The warm weather of the past few days has caused the farmers to begin to think of corn planting and there is reason to believe that the first planting may be started late in week after next, and that planting generally will be earlier than usual this spring.

However on the 9th of last April four inches of snow lay upon the ground and the temperature was anything but what it was on the 9th of the present April.

Considerable cool weather is expected yet this spring.

BURNT TOAST.

The following statement by Mrs. J. Groce, of 713 Walnut St., Nelsonville, O., is published in the interest of all who suffer with sour stomach, flatulence, belching of gas, dizziness, smothering, weakness, constipation, pain in head, stomach, bowels, chest or back, heartburn, bad breath, loss of sleep or appetite, or any other symptom of indigestion:

"I feel I owe my life to Dr. Parker's Treatment for Indigestion and Constipation. I suffered with several doctors who claimed that the nerve system of my stomach had broken down, and for several months I was unable to leave my room. I could eat no solid foods, lived on beef tea and soup off of burnt bread. The gas on my stomach would cause spells of belching that would last an hour, and was given up to die by my family and friends, when a friend recommended Dr. Parker's Treatment. One box gave me great relief and three boxes cured me. I can now eat solid foods and am now doing my own work."

"I certainly think Dr. Parker's Treatment a wonderful medicine." "I know my treatment will do for any who suffer with indigestion and constipation just what it did for Mrs. Groce. Your money back if it does not help you."—Geo. L. Parker, M. D., Athens, O.

LAKE SHIPYARDS TURN OUT VESSELS

Cleveland, Ohio, April 10.—(By Associated Press Correspondent)—The shipyards of the Great Lakes have been steadily turning out steamers for the Emergency Fleet Corporation during the mild winter and when the canals between Lake Erie and Montreal open, soon after April 15, there will be a rush of down-bound vessels.

Orders call for the delivery of more than 250 steamers in 1919. It is estimated that 100 vessels building for the government for salt water service will be ready to leave for the coast when navigation opens.

The American Shipbuilding Company, with several yards on the lakes, has orders for 111 steamers, 45 of which will be ready to sail at the opening. The boats are being turned out at Superior, South Chicago, Detroit, Lorain, Cleveland and Buffalo.

Contracts for 44 steamers, many of which will be ready soon are held by the Great Lakes Engineering Works. Yards at Toledo, Duluth, Saginaw, and Manitowoc also will have a number of vessels ready when navigation opens.

It will be late in the season before all the shipyards finish their contracts with the Emergency Fleet Corporation.

NEW USE FOR POISON GAS

Paris, April 10.—Poison gas that has worked such havoc during the war will be utilized for a very different and beneficial purpose in the future, it is announced in scientific circles. Gabriel Bertrand, of the Pasteur Institute has informed the Academy of Science that he had discovered a method by which gas might be applied for the destruction of caterpillars and injurious larvae.

FUNERAL SERVICES

RUFUS C. SEVER

With a number of the relatives and friends of the late Rufus Cameron Sever gathered at the home of the brother, Fay, Dr. David W. Barre, rector of St. Andrews Episcopal Church, conducted the farewell services over all that was mortal Wednesday afternoon. While during late years Mr. Sever has been away from Washington C. H., the greater part of the time he has retained the interest of friends in his home town, who sincerely deplored his untimely demise as they assembled around his bier.

Dr. Barre read impressively the beautiful burial ritual of the Episcopal Church and the hymns "Afterwards" and "Sometime We'll Understand."

The burial was made in the family lot at the Washington cemetery with active pallbearers Messrs. T. J. Townsend, Perce Pearce, John Shannon, George Worrell, L. G. Spragg and Earl McCoy.

The floral remembrances were many and beautiful.

Relatives here from a distance were the mother, Mrs. Lavella Sever, sisters, Mrs. Tom Roman and Frank Swayzee and brother Frank, of Detroit, Mich., sister, Mrs. Bert Harper, and daughter of La Fontaine, Ind., brother, Mr. Loren Sever, wife and daughter Marjory, Mr. and Mrs. John Shannon of Columbus.

LITTLE HEADWAY ON ROAD PLANS

Reports indicate that the proposed improvement of the Columbus pike is now at a standstill, and that no headway is being made toward bringing about the improvement, plans of which seem to be held up by the State Highway Department.

It is announced by Commissioner Perill that delay is due to the department holding up the estimates, the original estimates having been regarded as entirely beyond reason, and were sent back for modification. Since the estimates were sent back the state highway department apparently has taken no additional action.

Indications are that unless pressure can be brought to bear the improvement may go over until next year.

ANNUAL MEETING TO BE HELD TONIGHT

The Annual Congregational Meeting of the First Presbyterian Church will be held tonight at 7:30.

At the close of the business session the women of the Guild will serve refreshments and a social hour will be enjoyed.

All members are urged to attend.

Pests often affect carelessness in their garments for the same reason that tramps travel in freight cars.

ON WAY EAST

Judge and Mrs. Ben Lindsey

Mrs. Benjamin J. Lindsey, wife of Judge Benjamin J. Lindsey, of the Denver Juvenile Court, is on her way to New York City in response to a telegram stating that Judge Lindsey was dangerously ill there. Judge Lindsey's health has been failing since his return several months ago from France, where he spent about six months as a representative of the Committee on Public Information. The nature of his illness has not been stated.

Facts, Not Claims

THE Chandler car, now in its sixth year, has earned its notable position in the motor industry by a successfully maintained policy of high quality at fair price. It has attained the very foremost standing among Sixes by the superior performance of its motor, by the excellence of its whole mechanical design and construction, by the certainty of its service on the road.

Nearly fifty thousand Chandler owners know the splendid character of this great car.

It is history, perhaps, but still interesting and important, that the Chandler was the first high-grade six built to sell for less than \$2,000. It is history, and important, that the Chandler has always since that time been a car of unusual value sold at an unusual price. And it is vitally important to motor car purchasers this year that the Chandler, refined, through six years' development, to a point approximating perfection, offers value approached only by other cars for which you are asked much more.

We would not have you choose the Chandler just because of its price. We would have you choose the Chandler because of its marvelous motor; because of the excellence of the entire chassis; because of the beauty and comfort of Chandler bodies; because of the stability of the Company which manufactures and markets it. But, still, we would have you note carefully that there is no other car that matches it at such a price.

Skilled engineering, efficient manufacturing methods and sound policies of general business administration have served to establish the Chandler Six in its position of leadership.

Owners of Chandler cars enjoy an exceptional service made possible by the excellence of the car and they sense a particular satisfaction in the pride of ownership of such a car.

If You Are Thinking of Buying A Car, We Ask You To Read Carefully the Following Specifications:

- WEIGHT—Touring car or roadster, 2985 pounds, equipped.

The Price of Liberty

Realization that "eternal vigilance is the price of liberty" was never more important than it is at the present time.

Notwithstanding the great blessings which have come to the American people under a free government which guarantees individual liberty under majority rule, notwithstanding that our liberty promises to become a still greater blessing in the era which is now dawning there is no denial possible of the unpleasant fact that there is, right here in America, an intolerant minority which is not content to await the orderly processes and progress which comes with patient persistence and education, to every just and meritorious cause, and which seeks the immediate adoption of its contentions insisting that violence instead of argument be resorted to.

The small percentage of American people who believe in any such monstrous and destructive doctrine does not, in the least alter the ugly fact that the menace exists and is growing.

The spirit of intolerance seems to be spreading. There is an inclination among a comparatively few people to hold to their opinion regardless of the expressed will of the majority—a lack of acquiescence which unless checked promises to result in disturbance.

Our intelligent and contented majority must not sit idly by while the villainous work of the minority is continued.

We must get back to the majority rule—everybody. Anyone who is not content to abide by the majority rule has no place in America. Anyone who preaches or teaches any other rule here should be given his choice of leaving America forever or facing a firing squad.

Our majority must get busy and keep busy. Be eternally vigilant and eternally active. That's the price we must pay for liberty and it is small price too.

Absent Officials

Perhaps never before in the history of the nation, and certainly not since the official family was fully established, has there been so few officials at the capital and "on the job" in this country.

No doubt the affairs in Europe are a badly tangled web in which this nation is enmeshed. The work of withdrawal involves every branch of our government from the chief executive down through every department, including every department head. Cabinet members are now in Europe laboring to secure adjustments and the withdrawal of forces which come under their especial jurisdiction. There are the army and navy forces to be withdrawn, a multitude of hastily entered into financial and business arrangements to be adjusted. The aftermath of war leaves tremendous tasks in every line of activity. The safety, the comfort and the desires of the hundreds of thousands of Americans in Europe must be arranged for and with a haste too second only to that of actual war.

But realizing all that Americans can't help feeling that affairs in our own nation are demanding the close attention and the best efforts of our officials.

The report, presumably authentic, that President Wilson is soon to leave Paris for America is received with joy on almost every hand. Not only are Americans anxious to hear, first hand, from their executive the results of his labors abroad, but they are anxious that once again the official family get back to work at the national capital on America's own affairs.

Sturdy Friends

The early flowers, the crocuses, the daffodils and the hyacinths, those sturdy, friendly flowers which struggle along so faithfully year after year with so little attention, content with only a patch of ground, are this spring, having an opportunity to show just how well they can repay us for the small favors we grant. In beauty of bloom this spring they are paying us in full for their ground rent.

About three seasons out of five, in their generosity, their desire to give pleasure these little flower friends blossom forth too soon and are set back by late snows and hard freezes.

This year nature has been kind and considerate with the early plants and they have given a wealth of beauty and fragrance to humanity.

We find the priceless friendship—that reliable kind which endures through all adversities—among our flower friends just as we do among our human associates.

This spring gives proof of that fact. There is pleasure in the knowledge and pleasure in the proof given.

APRIL MOODS

April met me on the road;
Damp it was, the skies were gray,
And I wore some ancient clothes,
Treasured 'gainst a rainy day.
April took obeisance made—
Laughed at me, the saucy jade!

Waved her fairy wand, and, lo,
Sulky skies were flecked with blue!
Threatening clouds were chased away—
Soon the sun shone brightly through,
I, in well-worn garments clad,
Truth to tell—felt passing mad!

Still another day we met;
Since 'twas lovely springlike weather,
In my smartest suit and hat
Wreathed round with a fluffy feather.
Sauntered I, to pay a call.
April vowed my pride must fall!

In a trice she hid the sun,
With her magic brought the rain,
Spoiled my cherished flattery!
Evidence, you see, is plain—
April's like a woman ever,
Full of moods—and steadfast never!

BACK ON THE JOB

AFTER DETAILS OF THE MURDER OF ROYAL FAMILY

Omsk, Siberia, April 9th.—(By Associated Press)—Serious effort will be made to determine the exact details of the assassination of the Russian imperial family that occurred in a house in Ekaterinburg. Various accounts of the affair are still current at Omsk, where at present reside two tutors, one English and the other French, who were attached to the family of Czar Nicholas, and who were with the unhappy monarchs until they were removed from Tobolsk to the house at Ekaterinburg where they were subsequently murdered.

Official personages who visited this house and who had some opportunity of obtaining details accept the story that the former Emperor Nicholas, his wife and their children were thrown into a pit or cellar and there half suffocated, wounded and finally killed under a hail of missiles, including bombs. They believe the bodies were secretly transferred to the forest and buried. Special investigation is being made of the tale that one of the jewels of the former Empress, a diamond, was found in a forest recess.

A story that Nicholas stabbed with a poisoned by a sailor while being transferred from one place to another, and that, kissing the hem of the sailor's garment, he pleaded for mercy, is not accepted as vouched for by any historical data of a serious nature.

Peels Off Corns Between Toes

The Great Corn Loosener of the Age. Never Fails. Painless.

A corn mashed, squeezed and crushed, all day long, in between two toes! You can try the desperate, "treat 'em rough" way and try to die.

"Two Drops of 'Gets-It'—That's All!"

It out and fail. Or, you can try the sensible, peaceful, painless, easy way and use "Gets-It." It's easy for "Gets-It" to remove corns in hard-to-get-at places. It's a liquid—a wonderful painless formula—it has never been successfully imitated. It settles on the corn, and dries immediately. Instead of digging out the corn, you peel it out painlessly. There's no sticky plaster that doesn't stay "put," no salve that irritates or rubs off. You reach the corn easily with the little glass rod in the cork of every "Gets-It" bottle. It does not hurt the true flesh. Try it, trot and smile! It's a blessing; never fails. "Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. News of Interest to Women

The Woman's Home Missionary Society of Grace Church met Wednesday afternoon in the church parlors, with Mesdames W. H. Dial, Jesse Blackmer, C. E. Lloyd, Ab. McCoy, William DeWees, Harry Hosier, H. H. Whelpley, E. W. Durlinger and Miss Fulton as hostesses.

The meeting was opened in the usual manner with the President, Mrs. H. W. Wills in the chair, and devotionals in charge of Mrs. Durlinger.

After the regular business the President urged the women to attend the District Convention which is to be held May seventh in the church in this city. Mrs. Ola Boyer presented Mrs. Jacob Chenault's name for membership in the Society.

Enigma was read by Mrs. Wills, and Mesdames Frank Christopher, Harry Rowe, Hosier and Miss Lucy Brownell gave readings from the Home Missionary paper. The program was closed with the opening of the Mite Boxes.

Dorothy and Florence Mabel Sparks played a very pretty duet and were encored, Dorothy responding with a reading.

A delightful social hour with refreshments was enjoyed in the basement.

That the beautiful mansion, Grey-stone, at Riverdale-on-the-Hudson, the residence of the late Miss Grace Dodge, founder of the National Young Women's Christian Association, should today be a temporary home for nerve-racked Red Cross nurses who served their country in France, comes as a fitting follow-up of the war program which the Y. W. C. A. has put forth abroad for nurses.

The Y. W. C. A. as an organization expects soon to launch a post-war program for nurses in this country which it is probable will include nurses' clubs and recreation halls as well as official welcomes to home-coming units of nurses.

The famous old residence at Riverdale-on-the-Hudson adjoins the home of Cleveland H. Dodge, brother of the late founder of the association. It has been closed since her death some years ago, until last fall, when Mr. Dodge conceived the idea of opening it in a manner that he feels would have met with his sister's approval. Today Greystone is called "The Nurses' Rest Home."

Sitting on the highest peak of Riverdale-on-the-Hudson, the mansion's window eyes command a marvelous view of the Hudson itself and also of the rolling green hills, with their ribbon strips of meadow brooks that

LONG-WEARING SOLES MEAN LOW SHOE BILLS

"I have never been able to get half the service from other soles that I get from Neolin Soles," says H. H. Shellenberger, a traveling salesman of Easton, Pa.

Long service from the soles means lowered shoe costs, for that is where shoes wear out quickest. When next you need new shoes buy them with Neolin Soles. You pay no more than for shoes that give less wear—and you can get them in many styles for men, women, and children.

Have these durable, comfortable and waterproof soles put on your old shoes, too. All good repair shops carry them. They are made, scientifically, by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

ANDY HULL DIES AT JEFFERSONVILLE

Wednesday morning at eleven o'clock Mr. Andy Hull, who for some time had been in failing health, passed away at his home in Jeffersonville at the age of seventy-five years.

For many years he had been a farmer of Jefferson township, but with Mrs. Hull moved, thirty years ago to Jeffersonville to spend the remaining years of his life in retirement. Mr. Hull was a highly respected older resident, a member of the M. E. Church, and had many friends.

But to the four children is the greatest loss, Mrs. Eleanor Houchens, of Phoenix, Va., James, of Columbus, John formerly a member of the firm Hull and Duff, and DeWitt a salesman in the shoe department of Craig Bros. store in this city. Their grief is doubly severe coupled with the anxiety felt concerning the condition of the mother, who has been critically ill for several weeks. Funeral services will be held Friday afternoon at the home at one o'clock. Burial will be made in Fairview cemetery.

OVERLAND-BENDING CO IN NEW SALESROOM

The Overland Bending Company, handling the Willys-Overland and the Willys-Knight cars, is now established in the new sales room in the Bending building on the corner of Court and north streets.

Mr. Frank Bending, manager, has remodeled the ground floor of the building into a large and inviting salesroom, with front and side entrances.

BETTER ROADS HOLD ATTENTION

At the weekly session of the Dutch Treat Club held at the Y. M. C. A. Thursday noon, virtually the entire time of the three hour meeting was devoted to a discussion of Fayette highways and how to better them.

The county commissioners were present and took an active part in the discussion, and it was brought out that to keep good roads under the present intensive wear it will be necessary to provide additional funds after the two mill levy runs out, and the club was asked to aid in every way possible toward solving the road problem.

Some forty or fifty men attended the session and good road enthusiasm was high. Mr. Walter L. Herron presided at the meeting and was empowered to appoint a committee to work for better roads generally.

Women are born to love and be loved and they fight it out on that line.

SEEING NEW YORK

Miss Gustie Olson

Miss Gustie Olson, assistant cashier of a Minneapolis, Minn., bank, who recently made a trip to New York to identify four men who are said to have held up the bank's officers and then made off with \$37,000 either will have to stay in New York until May 5 or make another trip from the West. Miss Olson was too femininely curious to obey literally the command of the bandits, who ordered everybody to keep their heads below the counters if they didn't want to be shot. She wanted to see the robbers and because she had the nerve to peep over the railing of her cage she is seeing what New York City looks like. She had always wished she could take a trip to New York, but she never could afford it. The State of Minnesota is paying for everything. Miss Olson expressed no disappointment when the court hearing was adjourned until May 5.

GEORGE PARRETT IS REINSTATED

Definite announcement was made on Thursday afternoon that Geo. C. Parrett, whose removal as superintendent of the infirmary of Ross county was sought by the county commissioners of that county, had been reinstated as superintendent by action of the State Civil Service Commission.

The county commissioners failed to sustain any of the charges made against Parrett. It is understood, and he was reinstated on the grounds that no reasonable objection had been raised to him continuing in the office. The fight has been under way for many weeks.

Wounded when in action (\$5 per cent returned), 195,902.
Missing in action (not including prisoners released and returned) 4,900.
Total to date, 273,105.

CANADIANS HOME MANY HAVE MONEY

Winnipeg, Man., April 10.—(By Associated Press Correspondent)—Canadian privates are returning from Europe with considerable money, while many officers are reaching their homes practically penniless, according to provincial officials.

Most of the soldiers had approximately \$500 to their credit when they left England, only a portion of the amount being given to them before embarkation. The privates spent most of their leisure at recreation camps where little money is needed. Officers, on the other hand, followed their inclination to "live" and with British and American officers helped fill the London hotels, according to returned officers. They say that fraternizing with American officers proved rather costly as Americans received higher pay and spent it freely. "Thousands of Canadian privates will return with far more money than they possessed when they enlisted," one officer said.

DAVID M. GLASCOCK DIES IN THE SOUTH

Shortly before noon Thursday there came from Asheville, N. C., the sad intelligence of the passing over into the silent majority of Mr. David M. Glascock, oldest son of Mrs. Georgiana Glascock, who had been taking medical treatment in that locality for the past three months.

Last week Mr. A. S. Glascock of Cincinnati went to visit his brother and his mother expected to leave for Asheville upon his return. There had been no anticipation of the immediately serious condition which developed so rapidly after the brother's arrival that earlier plans were useless. The family have the sympathy of their many friends in this community and those friends which Mr. Glascock retained during the number of years he resided in Cleveland and Cincinnati add the deeper note of their personal sorrow and poignant regret that a man of his ability in the very prime of life, should be summoned.

Last May Mr. Glascock enlisted in the Officers' Training Camp and was sent to the Remount Station at Hattiesburg, Miss. For eight years he had been a member of the famous Troop "A" of Cleveland and was particularly fitted for cavalry service. A severe cold taken just before he received his commission as Captain developed into lung fever and as soon as he was able to go he was transferred to the Base Hospital, Waynesville, where he later received his discharge. In the last analysis it will be found that David Glascock sacrificed much for his country and is richly entitled to its gratitude.

For a number of years following his graduation from Ann Arbor Law School Mr. Glascock practiced law with growing success in Cleveland, and afterwards was connected with Oils & Co., well known financiers and investment firm of Cleveland, and with Fields and Richards in Cincinnati, so that his home had not been in this city since his young manhood.

Mr. Albert Glascock is bringing the body to the home on West Temple street and will arrive in Cincinnati Friday morning, Mrs. Glascock going down tonight to meet him.

Mr. Elmer Klever will bring all that is mortal from Cincinnati in his funeral car Friday and after their arrival funeral announcements will be made. Of a family of six children only two are left with the mother, A. S. Glascock and Miss Helen.

MARGARET GRIFFIN DIES EARLY THURSDAY

Mrs. Margaret Griffin, wife of Mr. N. R. Griffin, of Briar Avenue, Millwood, passed quietly away at an early hour Thursday. Several weeks ago she was stricken with paralysis and last week suffered a second stroke. The absent members of this family have been notified of her demise. Mrs. Griffin was 77 years old. One son, Rev. Frank L. Griffin, is pastor of Kendall Baptist Church, Washington, D. C., and another son, Rev. Chas. E. Griffin, is pastor of First Baptist Church, Boise, Idaho. Funeral announcements will be made later.

HENRYS AT HOME

Mr. and Mrs. Sheldon Henry arrived in Wilmington Wednesday evening coming through from Orangeburg, S. C., and stopping Tuesday in Washington C. H. where they played before a packed house Tuesday evening. Wednesday evening they leave for Miles City, Mont., and will fill engagements in the West until the middle of May, when their Chautauqua work begins. It is pleasing to Wilmington people to know that Mr. and Mrs. Henry are making such a pronounced success in their legitimate performances. They signed a contract for next winter which will take them to Cuba during the winter months.—Wilmington News.

TRAINING LAW CONDEMNED.

New York, April 10.—Technical military training for boys from 10 to 18 years old, as prescribed by the State Military Commission law in force throughout the last year, was condemned by the State Reconstruction Commission in a report forwarded to Governor Smith. The commission found that the military training law, whose administration last year cost the state \$354,000, reached only one fourth of the boys to whom it was aimed to apply.

MAKES GOOD

Irish Patsy Kline, prominent New York boxer, scored a knockout victory over Jimmy Duffy in a bout at Montreal, according to a report received here. This bout was the first that Kline has engaged in in months and his wonderful return to form has added another prominent member to the welterweight division. Kline was injured in an automobile accident several months ago, and it was feared that he would never be able to box again. Apparently his long rest had done him a great deal of good, judging by the two-round knockout of Duffy.

GOAT INDUSTRY GROWS RAPIDLY
(By Associated Press)
Kansas City, Mo., April 9.—Daily telegraphic quotations on goats have been ordered from here by the government, owing to the greatly increased importance of this branch of the livestock industry. It is estimated that the Kansas City market, the largest in America and perhaps the largest in the world, will be receiving 3,000 goats daily by May 1.
The goat tastes very much the same as mutton, dealers said in discussing disposition of goats sold on this market.
"A goat's reward for being fat and healthy is to become mutton, and a kid that goes to a packing house might be consoled with the knowledge that his epitaph on the menu will read 'lamb,'" said one big dealer.
He added that packers are required by the government to distinguish between sheep and goats in transaction with dressed meat retailers, but that the retailers are not required to so inform consumers.
"The increasing magnitude of the goat market may be somewhat attributable to the fact that goats are quoted usually at \$2 to \$2.50 a hundred under sheep," the dealer said.
Goats are coming to market here from Texas, New Mexico and Arizona. Those not conditioned for slaughter are sold as feeders to farmers of Iowa, Missouri, Nebraska and Illinois, where they aid in clearing brush from pasture land.

LONDON AFTER BETTER MILK
London, March 3.—(Correspondence of the Associated Press)—Contrasting the milk supply of London with the cleaner and more healthful milk compelled by law in New York City, the National Clean Milk Society is appealing for funds through the London newspapers to carry on a campaign for legal milk betterment here.
The appeal points out that while all New York dairy herds must be free from tubercular cattle, between eight and nine percent of the milk supplied in London County contains "living tubercle." The society asserts that with Grade A Milk in New York must not contain more than 30,000 bacteria per cubic centimetre at any time before reaching the consumer, the average London sample "contains not less than 3,000,000 bacteria per cubic centimetre." The society says American milk is bottled before it is shipped, and remarks that "the conduct of the dairy has become a science which is practically unknown in this country to the trade, the public or any but an extremely small number of our public health officials."

CANADIANS ARE EXECUTED
Ottawa, Ontario, April 10.—Hugh Guthrie, Solicitor General of Canada, stated in the House of Commons yesterday, he had been informed that a number of Canadian deserters overseas had been executed during the war. Others had received sentences up to 30 years. He said the punishments in England were more severe than in this country.

GERMAN ENGINEER LIVED FOR YEARS IN DARK JUNGLE

Was Surveying When War Came and Decamped into Brush for Safety

Was Among Cannibals but He Escaped Safely

Sydney, Australia, April 1.—(By Associated Press Correspondent)—Konrad Detzler a German army engineer who had been hiding in the New Guinea jungle 4 years or since the beginning of the war, has come back to civilization and now is in an internment camp in Australia. Detzler's story is on a par with other romantic incidents of the war as it affected the South Sea.

Detzler holds a captain's commission. When the war began he was surveying the boundary line between the then Kaiser Wilhelmland, or German New Guinea, and Papua, or British New Guinea. He decamped into the bush. This was a risky act, for the bushmen prefer human flesh above all other kinds. When an Australian force occupied Kaiser Wilhelmland, Detzler was overlooked.

For more than four years Detzler lived in the brush near Mismis. He had a shotgun but it was not long before he ran out of cartridges. Thereafter he lived on yams, taro and kau (a variety of sweet potato) in common with the natives, and upon birds and animals which he caught by means of snares.

Several times the Australians searched for him but Detzler managed to elude them. He might have stayed indefinitely in jungle, but missionaries told the Papuans of the armistice and they in turn told him. Thereupon he surrendered to the nearest Australian officer. While living throughout the war at Mismis, Detzler wore only a lava lava (native kilt). The result is that he is almost as brown as a Papuan. He now wears a German uniform.

GLEE CLUB IS READY FOR TOUR

Delaware, Ohio, April 8.—The "Varsity Glee Club" under the coaching of Director McLean and Student Leader Paul Craig, is gradually whipping into form for the coming concert. At present two definite trips have been arranged for by Manager Daniel Hefflinger. April 18-20 has been chosen for the time for the Springfield trip, but other cities have submitted requests, and a good schedule is promised. The club will journey to Dayton about the middle of May. In all probability, Prof. Charles Newcomb will accompany the club as reader, and Miss Ruth Rodeheaver, a sister to Billy Sunday's song leader, Homer Rodeheaver, as soloist. In addition to the regular chorus work, Quartet and readings the "Stringers" will be with the Club under the direction of J. A. Burgess.

SAYS PERIL AHEAD

Sir Ernest Shackleton

Sir Ernest Shackleton, Director of Equipment and Transport of the Northern Russian Expeditionary Forces, returned recently from Murmansk and Archangel, and has urged the instant sending of reinforcements to Allied troops there, in order to prevent the Bolshevik attempt to drive them into the sea, according to a report from London. He declared that both fronts are in danger, and that the Bolshevik peril is a real one, because the Entente forces are outnumbered by disciplined and well armed, well-equipped troops, in close touch with the Allies' extended but by no means strong front. It has been announced, according to the report that British reinforcements will follow immediately the American troops now on the way to North Russia.

VIEWS OF OTHERS

Correct Statement of the Electric Light Muddle

After two or three years squabble with the Electric Light Company, the council met with Mr. Estberg, (Manager of the Co.) in Mr. Gregg's office, (this being some three years ago) and agreed on a rate for the commercial lighting of the city, and Council thought everything was satisfactory till about two years ago, and Mr. Estberg with his attorney appeared before Council, and said that, they had never accepted the contract, and asked Council for a ten year contract at their rate (or price) and also said if Council did not allow it they would take the matter before the Utilities Commission, which they did, and the Commission allowed it, but the Council not being satisfied took the matter to court spending some \$900 to law said company and the Court held in behalf of the city.

Now the company wants the Council to break contract and allow them an increase which would amount to company, something like \$7,000 to \$8,000, per year, more than the company is now getting.

The Council feels that we would give the court a slap in the mouth should we do what the company asks and should Council sign a contract for 10 years, it would mean something like \$80,000 to the citizens of Washington C. H., Ohio.

Would this be good business sense?

C. W. SODDERS,
President of Council.

CROP SUMMARY WEATHER CONDITION

Washington, D. C., April 9.—In the last 24 hours there have been heavy rains in the central Missouri Valley and southwestward to the limits of the region. Moderately heavy rains occurred in Iowa and light to moderate in most of Kentucky, south and east Ohio, south Michigan and Wisconsin; also from northern Minnesota westward to eastern Montana. Destructive hail occurred in northwest Oklahoma. The temperature changes were not important.

In Ohio the growth of winter wheat during the past week was excellent and its present condition is highly satisfactory. Some spring wheat, some barley and considerable oats were sown during the week although this work was delayed in some sections by wet soil. Rye, pastures and fruit are responding nicely to the mild weather conditions. Gardening has been commenced in some southern counties and spring plowing is unusually well advanced.

For the week seasonable temperature and moderate rainfall have made conditions favorable in the corn and wheat regions for the growth of grass, rye, barley and winter wheat in all sections. Farm work was somewhat delayed by heavy rains in portions of lower great Plains States and the soil was too wet in some northern states. The moisture conditions were favorable for farm work elsewhere and good progress has been made although

the season is late in extreme south as the result of earlier heavy rains. The planting of corn is under way as far north as Tennessee and south-eastern Kansas. The condition of winter wheat and other winter grain is very good. The seeding of spring wheat is progressing northward to the central portion of the belt.

DEADLY GRIP OF JAP EASILY PUTS HIS OPPONENT OUT

Matsuda Wins Wrestling Contest by Obtaining Two Falls.

Hillery, Local Hercules, Too Much For Hamilton.

Matty Matsuda, champion light weight wrestler, won over Ray Carpenter, the challenger, in two straight falls at the Armory Wednesday night, in the presence of a large crowd.

The preliminary was between Tom Hillery, local boy, and young Hamilton, of Columbus in which Hillery won in a 20 minute handicap bout.

Hamilton was hardly able to get the big local boy from the center of the mat. Hillery showed exceptional strength and the crowd was loud in their praise of the young man. Hamilton, although an old hand, was not able to secure a single effective hold on the local boy. At the end of 20 minutes Hamilton had not thrown his opponent and Hillery was declared winner.

Then came the big bout of the evening between Matsuda and Carpenter. Both men are very clever and Matsuda won over his challenger, largely because of his superior ring knowledge.

The first fall was won by the champion in one hour, three minutes and 26 seconds. Matsuda secured this fall with a body scissors and an arm lock. This hold is almost impossible to break when once secured and came into prominence through its use by Joe Stecher.

The second fall, which decided the match, was also won by Matty. In a rolling fall Matsuda clamped a double wrist lock on Carpenter. Carpenter was game and did not give up until the referee had stopped the match by declaring Matty winner Time 20 minutes.

An examination of Carpenter's right arm by a doctor disclosed the fact that a ligament had been torn but there were no traces of a fracture.

Promoter Chic Saylor stated that at the next bout Hillery and Hamilton would go on for a 30 minute match if the young men agreed to the terms. The match was decided upon by both participants.

It is understood that Matsuda will meet "Cyclone Bill," one of the best wrestlers in the game, sometime during this month, probably next Thursday night. Cyclone Bill outweighs Matty by several pounds. His weight as announced is 145 while Matsuda weighs in at less than 140.

A huge crowd was on hand to see the matches and promoter Saylor announces that greater seating capacity will be arranged for at the next meet.

Carpenter's injury will probably keep him out of the wrestling game for sometime, the deadly grip of the Jap having been such as to render Carpenter's arm are useless for weeks.

SIXTY-SEVEN DIE IN STORM

Dallas, Texas, April 10.—(By Associated Press)—The worst equinoctial storm in many years swept over northern Texas and southern Oklahoma Tuesday night, leaving in its wake 67 deaths, hundreds of injured persons and property damage which will amount to many thousands of dollars, according to incomplete reports received here.

PUBLIC SALE!

I will offer at Public Auction at the Wrshington C. H. Combination Sales Barn

Saturday, April 12th

commencing at 2:00 o'clock P. M.

20 Head of Pure Bred

And High-grade Jersey Cows

The majority of these have calves by their side; the remainder are heavy springers. These cows were purchased by me in a dairy country and not in a market where they would be exposed to diseased cattle.

This is as good a bunch of cows as I have ever seen, and if you need a cow you cannot make a mistake in attending this sale. The Sunlight Creameries, realizing the demand for dairy products in the community, have offered the use of the Sales Barn free to conduct the sale. Cows can be seen any time after Thursday noon.

Terms of sale—Cash or bankable note.

"ACE" PLANS FLIGHT

Lieut.-Colonel Colishaw.

Lieutenant-Colonel Raymond Colishaw, noted Canadian aviator, who next to Colonel W. A. Bishop, has gained more renown than any other Canadian serving with the R. A. F., returned recently to Canada. Colonel Colishaw is planning a flight across the Atlantic this month, starting from New Foundland. He expects the journey will take about twenty hours.

"CAMPING GROUND" SOUGHT.

New York, April 10.—Because a \$10 increase in rent is "beyond their means," Mrs. Anna Michael, of Brooklyn, wrote Mayor Hylan asking permission to pitch tents for her family on unused city-owned lots. She has been unable to find another apartment with lower rent, she declared.

Why Use Spring Fertilizers

Supplying plant food in the form of quickly available fertilizer increases the "stooling," and increases the yield pro rata. Small grains need fertilizer—their failure to stool out and cover the ground is often due to a lack of phosphoric acid.

Reasons for Fertilizing Your Corn Crop

Every corn grower wants "hard corn"—corn with ears that are big and kernels that are deep; corn that dries out hard and solid and makes the highest quantity food. To grow that sort of corn the plant must work every minute of the growing season.

FERTILIZING THE CORN CROP GIVES TO THE YOUNG SEEDLING A QUICK START, SO THAT IT MAY MAKE THE BEST POSSIBLE USE OF EVERY DAY OF THE GROWING SEASON.

Farmers will find no fertilizer more quickly available and in better condition than the well known
